

Lab 2

1. Create a drawing showing the switchplate and fastener parts that you created in Lab 1.
2. In your title block add the following items at the appropriate locations
 - a. Your name
 - b. Date
 - c. A title for the drawing
 - d. Your company name, or logo
 - e. A fictitious address and fictitious contact information
 - f. Your supervisor (fictitious)
 - g. Brief description of the objectives of this drawing
3. Email your drawing file to your instructor
4. Create an e-drawing of the switchplate and fastener, and email to your instructor
